Engine Control Systems Website Launches Distributor Page

Newmarket, ON, [July 18, 2008] – Engine Control Systems (ECS) is pleased to announce the launch of their Distributor Page on their website. The focus of this page will enable distributors to directly connect with end-users to help customers meet their individual needs. Authorized distributors are listed in North America, Europe, Asia and South America to handle the global markets that Engine Control Systems serves. To access the page, please visit www.enginecontrolsystems.com and click on 'Contact Us' and follow the drop-down menu to 'Distributors' to view and contact one of our authorized distributors.

About Engine Control Systems

Engine Control Systems is a leading environmental **applications engineering** and manufacturer specializing in the design and manufacturing of a full range of verified exhaust treatment solutions. Globally, we offer a full range of products for OEM, Aftermarket and retrofit markets for the reduction of exhaust emissions of on-road, off-road and stationary diesel, gasoline and alternative fuel engines including propane and natural gas.
